IMPORTANT INFORMATION

This term sheet contains a proposal for discussion purposes only and (unless otherwise stated) is indicative only. BNP Paribas gives no assurance that any Certificate will be issued or any transaction will be entered into on the basis of these indicative terms. The information contained in this document is provided to you on a strictly confidential basis and you agree that it may not be distributed by you to other parties or potential purchasers of Certificates other than with our prior written consent and in compliance with applicable securities laws and regulations in force in the jurisdiction(s) in which you offer the Securities described in this document. If you have received a copy of this document from anyone other than BNP Paribas, it will not contain all the information required for you to assess its contents. This document is not intended for any Retail Client, as defined in Directive 2004/39/EC ("MiFID") and the relevant implementing measures in any EU member state.

No action has been or will be taken in any jurisdiction that would, or is intended to, permit a public offering of the Certificates.

The Certificates are sold to investors on the understanding that they will comply with all relevant securities laws and public offer requirements in the jurisdictions in which the Certificates are placed or resold, including, without limitation, Directive 2003/71/EC (the EU Prospectus Directive) as amended (which includes the amendments made by Directive 2010/73/EU the "2010 PD Amending Directive") and the relevant implementing measures in any EU member state. Where the investor of the Certificates is not the only purchaser of the Certificates, any public offer exemption relying solely on offers only being made to a restricted number of investors (classified by type or location, as applicable) may not be available.

The Certificates may not be offered or sold in the United States or to U.S. persons at any time (as defined in regulation S under the U.S. Securities Act of 1933 or the U.S. internal revenue code). The Certificates have not been and will not be registered under the U.S. Securities Act of 1933, as amended, or the securities laws of any state in the United States, and are subject to U.S. tax requirements. In purchasing the Certificates you represent and warrant that you are neither located in the United States nor a U.S. person and that you are not purchasing for the account or benefit of any such person. The Certificates may not be offered, sold, transferred or delivered without compliance with all applicable securities laws and regulations.

Investors should note that BNP Paribas acting as Guarantor is licensed as a credit institution in France and as such is subject to the new resolution regime introduced by the EU Bank Recovery and Resolution Directive of 15 May 2014. This new regulation, among others, gives resolution

authorities the power to amend the key terms of the Guarantee, to reduce the amounts payable by the Guarantor under the terms of the Guarantee (including a reduction to zero) and convert the amounts due under the Guarantee into shares or other securities. You may not be able to recover all or even part of the amount due under the Certificates (if any) from the Guarantor under the Guarantee or you may receive a different security issued by the Guarantor (or another person) in place of the amount (if any) due to you under the Certificates by the Issuer, which may be worth significantly less than the amount due to you under the Certificates at expiry.

Risk Analysis

The Securities have no capital protection at any time and there can be a partial or total loss of any capital invested. Investment in the Securities is therefore highly speculative and should only be considered by persons who can afford to lose their entire investment.

Custom Index Business Day

Pursuant to the operational rules of the Index, the Index is scheduled to be calculated on each weekday. In the event that one of the levels of a component included in the Index is not available for any reason on any weekday (i.e., either because it is a non-scheduled trading day in respect of that index component or that index component is subject to a market disruption or otherwise) ("Disrupted Index Day"), then the Index Calculation Agent may, but is not obliged to, calculate the level of the Index on that day by taking a value for the affected index component from the first preceding day on which a level for such affected index component was available.

For the avoidance of doubt, the Issuer and/or its affiliates may not be able to trade on and hedge its obligations in respect of the Index under the Certificates notwithstanding the calculation of the level of the Index. In the event that the Strike Date or a Valuation Date or any other reference date is a Disrupted Day for the Index, the Strike Date or Valuation Date or any other reference date shall be the first succeeding day on which the Issuer or relevant affiliate is able to trade on and hedge its obligations in respect of the Index, subject to a specified maximum days of disruption, as more fully set out in the Terms and Conditions of the Certificates.
