## About 10X

10X Investments began investing money in 2007 and currently has R45 billion under management. We manage a range of investments from pensions to discretionary investments.

10X Index Fund Managers has been authorised since 2018 as a manager of Collective Investment Schemes.

## About the fund

The investment objective of the portfolio shall be to track the S&P Global Dividend Aristocrats Blend Index (Custom) as closely as possible. The index is designed to simulate a portfolio of S&P regional Dividend Aristocrats underlying indices with an allocation representing regionally neutral exposure to the included countries as they appear in the S&P Global LargeMidCap Index (a comprehensive index that measures the performance of global equity markets). The included regions are Canada, Europe, Pan Asia and the United States.

The Fund offers exposure to high quality companies with a long history of paying stable and increasing dividends.

This document and any other information supplied in connection with 10X Investments is not "advice" as defined and/or contemplated in terms of the Financial Advisory and Intermediary Services Act, 2002 and, therefore, investors are encouraged to obtain their own independent advice prior to buying participatory interests in CIS portfolios issued by the Manager. Participatory interests in the portfolios issued by the Manager qualify as investment instruments for the purposes of Tax-Free Savings and Investment account by virtue of Section 12T of the Income Tax Act (available on certain LSPs). Collective investments are calculated on a net asset value (NAV) basis, which is the total market value of all assets in the portfolio including any income accruals and less any deductible expenses such as audit fees, brokerage, and service fees. Actual investment performance of the portfolio and the investor will differ depending on the initial fees applicable, the actual investment date, and the date of reinvestment of income as well as dividend withholding tax. Collective investment schemes are generally medium to long-term investments. The value of participatory interests or the investment may go down as well as up. Past performance is not necessarily a guide to future performance. Past portfolio performance is measured on a rolling monthly basis. The Manager does not provide any guarantee either with respect to the capital or the return of the portfolio. Collective investment schemes are traded at ruling prices and can engage in borrowing and scrip lending. The portfolio may borrow up to 10% of its net assets on a temporary basis. Such borrowings are permitted only to meet the portfolio's obligations in relation to (i) the administration of the portfolio relating to purchase or sale transactions; and/or (ii) the redemption or cancellation of participatory interests in the portfolio. Borrowings in relation to (i) the administration of the portfolio relating to purchase or sale transactions are only permitted for a period of up to 8 calendar days, and in respect of (ii) redemption or cancellation of participatory interests in the portfolio, borrowings are limited for a period of 61 calendar days. A schedule of fees and charges and maximum commissions is available on request from the Manager free of charge. There are no performance fees charged in the portfolio. Commission and incentives may be paid and if so, would be included in the overall costs. The portfolio may from time to time invest in foreign securities which could be accompanied by additional risks such as macroeconomic risks, political risks, foreign exchange risks, tax risks, settlement risks as well as potential limitations on the availability of market information. Additional information on the portfolio such as the annual reports, brochures and quarterly general investor reports are published on our website ([www.intermediaries.10x.co.za](http://www.intermediaries.10x.co.za)) and will also be made available to investors on request free of charge, the application form for investment in a portfolio will be made available to investors on request. The Manager has a right to close the portfolio to new investments at any time in order to be managed more efficiently in accordance with its mandate. 10X Investments shall, wherever possible, avoid situations which may cause conflicts between the interests of the Manager and the interests of investors. Where it is not possible to avoid conflicts of interest, 10X shall disclose to investors all conflicts or possible conflicts and the manner in which such conflicts are managed. Total expense ratio (TER) is a measure of a portfolio's assets that have been expended as payment for services rendered in the management of the portfolio or collective investment scheme (CIS), expressed as a percentage of the average daily value of the portfolio or CIS calculated over rolling three-year periods coinciding with a calendar quarter end and annualised. A higher TER does not necessarily imply a poor return, nor does a low TER imply a good return. The current TER may not necessarily be an accurate indication of future TER's. Transaction costs (TC) is a measure to determine the costs incurred in buying and selling the underlying assets of a portfolio or CIS, expressed as a percentage of the average daily value of the portfolio or CIS calculated over a period of three years on an annualised basis. TC are a necessary cost in administering the portfolio or CIS and impacts returns. It should not be considered in isolation as returns may be impacted by many other factors over time including market returns, the type of portfolio or CIS, the investment decisions of the investment manager and the TER. Total investment charges is a measure of the total value of portfolio incurred as costs relating to the investment of the portfolio or CIS. The NAV is published daily and is available on the website ([www.intermediaries.10x.co.za](http://www.intermediaries.10x.co.za)).
