## GLOBAL EQUITY NOTE

## Portfolio Fact Sheet - 30 September 2024

## INVESTMENT OBJECTIVES AND STRATEGY

The EFPC Global Equity Note is an exchange traded note (ETN), listed on the JSE and therefore easily accessible for any investor. This ETN tracks the Global Model Portfolio, a well-diversified global equity portfolio. The main purpose of the Global Equity Note is to find favourable long-term investment opportunities. The UEFPCA typically invests in between 18 and 26 shares. Although the Global Equity Note focuses on owning shares listed in developed markets, many of these companies have emerging market revenue streams.

## INVESTOR PROFILE

The Global Equity Note is suitable for investors seeking actively managed, strategically diversified, global exposure to equities across developed markets. This ETN does not have a prescribed fixed investment period and can act as an investment building block for investors who construct their own portfolios. As the Global Equity Note has exposure to international equities, it is exposed to various risks. These include, but are not limited to: currency risk, market volatility, as well as economic and political risk.
