2. DOCUMENTS THAT FORM THE BASIS OF THE POLICY

Your Policy with the Insurer is based on:

- Your investment application form, as accepted by the Administrator
- Your supporting documents
- Your Policy summary
- This Policy document
- The Investment Product Brochure
- Any later instructions from you that has been accepted by the Administrator
- Any later amendment to the Policy terms and conditions.

3. LAWS THAT APPLY TO THE POLICY

The Policy is subject to all the relevant laws of South Africa. Please note that changes to or replacements of any applicable law may change the terms and conditions of the Policy. The most important laws that apply to this Policy are:

- **The Long-term Insurance Act - “LTIA”**
This act controls the administration of insurers and policy benefits provided by them.
- **Financial Intelligence Centre Act - “FICA”**
This Act requires that the Administrator establish and verify your identity before accepting your investment application to prevent money laundering and terrorist financing.
There are also legal obligations that apply to investment in the Policy in terms of the Prevention of Organised Crime Act (“POCA”) and the Prevention of Constitutional Democracy against Terrorism and Related Activities Act (“POCDATARA”).
- **Financial Advisory and Intermediary Services Act - “FAIS”**
This Act controls the activities of anybody who gives advice or provides intermediary services to investors about certain financial products. It requires that such persons be licensed and that professional behaviour be controlled through codes of conduct.
- **Income Tax Act**
This Act deals with taxation of income, including dividends and capital gains.
- **Financial Markets Act**
This Act deals with the administration of and participation on registered stock exchanges. Certain provisions apply to investment in the Investment Product.

4. HOW THE POLICY WORKS

The Policy is a “linked policy” issued by the Insurer under the provisions of the LTIA.

The Insurer has entered into a Binder agreement with the Administrator in terms of section 49 of the LTIA. The Administrator, as the Binder Holder, issues and administers the Policy on behalf of the Insurer.

You are offered the opportunity to invest, through the Policy, in the Investment Product made available by the Issuer as set out in the Investment Product Brochure.

- All the investments in the Investor Account are held in trust by the Nominee and are owned by the Insurer.
- The choice of the Investment Product underlying the Policy is always yours, or where relevant, that of your discretionary FSP. The Insurer may at any time restrict or enhance the range of Investment Products available to you to choose from.
- You may only select one Product per Policy.

The Policy has a fixed 5 year term and begins on the day set out in your Policy summary. It is when the Administrator has accepted your completed and duly signed application form, together with your supporting documents and your Investment Amount is invested via the Nominee’s bank account into the Investment Product.

The value of your Investor Account is directly linked to the value of the Investment Product selected by you. As the value realisable under the Investment Product rises, the value of your Investor Account will rise. Similarly, as the value realisable under the Investment Product you selected decreases, so will the value of your Investor Account. It will also decrease when you make an early withdrawal and as a result of the fees and charges you pay.

The Policy has a fixed termination date and will end on the Scheduled Maturity Date. On this date, an amount becomes payable under the Investment Product to the Insurer and Policy Benefits will become payable to you by the Insurer.

The amount of the Policy Benefit payable under the Policy is not guaranteed by the Insurer, the Issuer or the Administrator. However, the Investment Product provides different levels of capital protection. Depending on the Investment Product you select and the performance thereof, and provided no early withdrawals were made by you, the proceeds of the Investment Product (determined according to the pay-off profile described in the Investment Product Brochure) shall be payable to the Insurer on the Scheduled Maturity Date.

Prior to the Scheduled Maturity Date, you may access Policy Benefits due to you from the Insurer by withdrawal subject to the requirements of legislation and the terms set out in this document.

The Policy will terminate earlier than the Scheduled Maturity Date when:

- you withdraw the total amount available under the Policy;
- the last Life Assured dies;
- the value of your investment is zero.

5. YOUR RIGHTS AND RESPONSIBILITIES

5.1 Read the information about the Policy and Investment Product carefully

Please read the application form, the Policy summary, the Investment Product Brochure(s) and this document before making your investment. You are responsible for your investment decisions and must carefully consider whether this investment is right for your needs.

Consider the consequences of investing in the Policy from a financial, legal, tax, accounting and regulatory perspective; all the fees and charges payable, and make sure that you understand the risk and returns on your investment. Every investment has some degree of risk and it is possible to lose some or all of your money, especially when you withdraw early from the Policy.

5.2 Obtain independent, professional advice

The Insurer and the Administrator cannot give you any advice. If you need financial, legal or tax advice or assistance in respect of investing in the Policy, it is your responsibility to consult with a professional investment, financial, legal and/or tax advisor.

Appoint a FSP

You must appoint a FSP to provide you with financial advice or other financial services regarding the Policy, or to act on your behalf when dealing with the Administrator, by completing the relevant section on the application form. The Administrator will pay the fee as agreed and reflected in the Policy summary to the FSP.

You must check with the FSP that he/she is authorised to give you financial advice on this investment based on his/her FAIS licence(s) read with the conditions or restrictions applicable to his/her FAIS licence(s). As a minimum requirement, the FSP must have a Category 1 license for the products he/she declared to you on the application form.

The FSP you appoint is not an employee or agent of the Administrator or the Insurer but acts independently from them. If you elect to deal with the Administrator through the FSP, and his/her details appear on the application form, it will be assumed that all future dealings will also, until the Administrator is advised otherwise, take place through that FSP.

Change your FSP

You may appoint a new FSP that the Administrator has authorised to market its products at any time by informing the Administrator in writing. You must specify the fees that you agree with your new FSP. The Administrator will cancel the existing appointment, record the appointment of the new FSP and confirm the change with you, your current and new FSP. The Administrator will thereafter pay any agreed fees to the newly appointed FSP unless you advise them otherwise.

5.3 Confirm you understand the implications of replacing an existing financial product with the Policy

You must confirm to the Insurer via the Administrator on a "Replacement Policy Advice Record" that you understand the consequences of replacing an existing financial product with the Policy. Therefore, if this Policy is a replacement (in whole or in part) of another existing financial product you own, please ensure you understand the actual and possible implications and costs involved.

5.4 Send instructions to the Administrator

The Administrator receives and accepts your instructions on behalf of the Insurer. All your instructions to the Administrator must be completed on their latest forms that are available via the website or from your FSP.

You or your duly mandated FSP must send instructions by fax or e-mail to the numbers provided on the instruction form. The sender of the fax or the e-mail must ensure that the completed forms have actually been received by the Administrator. The sender can contact the Administrator telephonically at the telephone numbers specified in Section 11 of this document.

5.5 Provide complete and accurate information

You must complete and sign the application form and ensure that all of the information, including any supporting documentation, is accurate, clear and complete. You must initial any changes to the information you submit.

5.6 Choose the underlying Investment Product for the Policy

The Insurer permits you to select the underlying Investment Product forming part of this Policy. You may only select one Product for this Policy, but will be allowed to enter into separate policies should you wish to invest in more than one of the Products. The Insurer may restrict or enhance the available options at any time, or suspend further investments into an Investment Product, and the Administrator or your FSP will contact you if this happens.

5.7 Comply with FICA and keep details and supporting documents updated

You must comply with certain requirements under FICA before the Administrator will process your application form or subsequent instructions. You must provide your FSP, and if specifically so required, the Administrator with certain information of a personal and financial nature required for purposes of identification and verification. Please refer to Section 6 below in this regard.

You warrant that the money which you are investing in the Policy is not the proceeds of unlawful activities or related to terrorist financing activities and understand that the Administrator or FSP may request proof from you regarding the source of these funds at any time.

You must update your personal and banking details should these change and provide the FSP and/or the Administrator with new supporting documentation. All supporting documents must be clear and readable, less than 3 (three) months old and copies must be correctly certified.

5.8 Appoint a Life Assured

There must be at least one Life Assured appointed for the Policy which must be a natural person. If the Investor is a natural person, you will automatically be appointed as the Life Assured under the Policy and you may appoint 1 (one) additional Life Assured. If the Investor is a legal entity, you may appoint a maximum of 2 (two) Lives Assured under the Policy. The maximum age at inception of the Policy for the youngest Life Assured may not exceed age 90 (ninety) on his/her next birthday. You can add another Life Assured during the term of the Policy but cannot remove or replace an existing Life Assured.

5.9 Adhere to Administrator timelines

All documentation required by the Administrator in respect of the investment under the Policy must be delivered to the Administrator in accordance with the timelines set out in Section 8 of this document. If you and/or your FSP fail to adhere to the timelines, the Administrator will deem your investment instruction as cancelled and will repay the Investment Amount less any costs incurred by the Administrator.

5.10 Pay the Investment Amount

The Administrator will only accept your Investment Amount prior to the end of an Offer Period and does not accept cash payments. You must pay the Investment Amount into the Nominee's bank account in South African Rand, by way of electronic transfer or bank deposit.

You must make sure that your Investment Amount is available in the Nominee's bank account by no later than 11am on the day the Offer Period in respect of an Investment Product ends.

5.11 Exercise your right to cancel the Policy

A cooling-off period applies to the Policy. This means you are allowed to cancel the Policy within 30 calendar days from the date on which the Administrator confirms your application has been accepted. You must submit a written cancellation instruction to the Administrator to do this.

No right to cancel applies if you received Policy Benefits during the cooling-off period. The amount that becomes payable to you on cancellation is the value of the Investment Account, less any market or currency losses.

5.12 Read statements and report errors

The Administrator will send you periodic statements and you or your FSP may request a statement in writing, via fax or telephone at any time. If you find any errors, you have 30 (thirty) days to tell the Administrator. Therefore please read all documents you receive in respect of the Policy promptly and carefully.

5.13 Make an early withdrawal from the Policy

Under the Long-term Insurance Act ("LTIA"), only 1 (one) full or partial withdrawal from the Policy is permitted during the 5 (five) year term of the Policy. You can request an early withdrawal by submitting a completed and signed "Surrender Form" to the Administrator within the specified time periods.

When you request a withdrawal, the Insurer will request an early withdrawal from the Issuer and the Investment Product Withdrawal Value will be realised in accordance with the Investment Product Brochure. An early redemption charge may be levied against the Insurer and this charge will be deducted from the amount available. The Investment Product Withdrawal Value may therefore be less than the Investment Amount paid by you into the Policy.

By law, the maximum amount that may be paid to you on withdrawal is the Policy Surrender Value. Where the Investment Product Withdrawal Value is less than the Policy Surrender Value, the Investment Product Withdrawal Value will be paid to you. However, where the Investment Product Withdrawal Value exceeds the Policy Surrender Value, only the Policy Surrender Value may be paid to you, and any amount realised in excess of the Policy Surrender Value must stay invested until the Scheduled Maturity Date.

If you requested a partial withdrawal, any excess will remain invested in the Investment Product itself until the Scheduled Maturity Date. However, if you requested a full withdrawal, the investment in the Investment Product will be terminated and any amount in excess of the Policy Surrender Value must be retained in your Investor Account in cash until the Scheduled Maturity Date.

The amount due to you, after deducting fees and charges payable (if relevant), will be paid to you once all processing and regulatory requirements have been met.

Please note:

The Insurer may require you to withdraw in full from the Policy if the difference between a partial withdrawal amount and the balance in the Investor Account is less than R2500, or such other amount prescribed by legislation. The entire amount remaining will be paid to you and the Policy will terminate.

5.14 Cede the Policy as security or outright (transfer ownership)

You may use the Policy as security with another person or financial institution. You or your FSP must notify the Administrator immediately if you have done this and request that they record the security cession. It is your responsibility to manage the repayment of the debt and make sure the cession is cancelled when appropriate. By recording the security cession on its records, neither the Insurer nor the Administrator is confirming that the cession is in fact valid in law. It is up to you and the party taking cession to ensure the cession is valid and lawful.

You may transfer ownership of your Policy to another person or legal entity. The other person or legal entity will become the policyholder provided they meet the requirements of the Administrator and have completed and submitted the relevant documentation.

5.15 Decide what happens to the Policy after your death

If you are a natural person, you may nominate Beneficiaries to receive the Policy Benefits on your death. It is important to keep your nominations up to date. To change your nomination you must complete and sign a Beneficiary Nomination form. This form must be received by the Administrator while you are still alive.

Beneficiary for ownership:

If you are not the Life Assured, or if there is more than one Life Assured, you may nominate a Beneficiary for ownership. This Beneficiary will become the owner of the Policy after your death if there is still a surviving Life Assured.

Beneficiary for Proceeds:

If you are the only Life Assured, you may nominate a Beneficiary for proceeds. This Beneficiary will receive payment of the Policy Benefit after your death. Proceeds will be shared equally between those persons nominated unless you specify otherwise.

If you die, and have not nominated a Beneficiary for ownership, and there are still other surviving Lives Assured under the Policy, the Policy will remain in force and will form part of your estate. Your duly appointed executor will have to decide how to deal with the Policy.

If you die, and there are no other Lives Assured under the Policy, the Policy will terminate and the Policy Benefit will become payable to any Beneficiary for proceeds that you may have nominated in writing. If no such Beneficiaries for proceeds were nominated, then the Policy Benefit will become payable to your estate.

If you ceded the Policy as security, the rights of the person to whom the Policy has been ceded takes preference over the rights of Beneficiaries, but only if the security cession was recorded by the Administrator. A Beneficiary for ownership nomination will lapse if the Policy is ceded outright, surrendered in full or if the Beneficiary for ownership accepts the nomination.

6. THE FSP'S ROLE AND RESPONSIBILITIES

6.1 Maintain the relevant FAIS license

The FSP appointed by you must be licensed and authorised by the Financial Services Board in terms of FAIS to provide the advice and financial services in respect of the Policy in terms of his/her FAIS license, read with the conditions or restrictions applicable to his/her FAIS license. The FSP must maintain this license on an ongoing basis and must immediately inform the Administrator should his/her license be suspended or revoked for any reason.

6.2 Act in accordance with your mandate

The FSP must act with honesty and integrity and in accordance with the mandate in terms of which you appointed him/her in all its dealings on your behalf with the Insurer and the Administrator. The FSP must provide the Administrator with a copy of such mandate promptly on request, or together with the initial application form if he/she has entered into a discretionary mandate with you.

6.3 Provide financial advice and information on the Policy and Investment Product

The FSP gives you advice on whether the Policy is suitable for your needs and meets your investment objectives. He/she must understand and provide you with sufficient particulars relating to the Policy, the Investment Product and any other related financial services and documents, for you to make an informed investment decision. He/she must specifically fully and adequately explain the information contained in the Investment Product Brochure, and the fees and charges applicable under the Policy.

The FSP must also explain the potential or actual consequences of replacing an existing financial product with the Policy, especially the costs involved.

6.4 Client identification and screening

The FSP must satisfy himself/herself of the identity of the Investor and of the status of the Investor as sanctioned or non-sanctioned person or entity in terms of anti-money laundering legislation and any United Nations sanctions lists before entering into a business relationship with the Investor, or before concluding any transaction with the Administrator or with the Insurer for and on behalf of the Investor.

The FSP must explain the relevant FICA and other anti-money laundering requirements to the Investor and must also explain what the consequences will be if the Investor does not provide the Administrator and the Insurer with the required documents. Neither the

Administrator nor the Insurer shall be liable or responsible for any damages or loss as a result of any delay in the processing of the application form as a result of non-compliance with the requirements in terms of FICA, POCA, POCDATARA and the United Nation's sanctions lists.

6.5 Receive statements and correspondence

Unless otherwise instructed by you, and where relevant, the Administrator will send and/or transmit all statements, reports or other relevant correspondence or documents in respect of the Policy, including this Policy document, to you and the FSP.

7. THE INSURER'S RIGHTS AND RESPONSIBILITIES

7.1 Provide Policy Benefits

The Insurer must provide a Policy Benefit in South African Rand which will be paid by the Administrator by electronic fund transfer only, into a current, transmission or savings account in the name of the person entitled to the Policy Benefit. No payments will be made to third party bank accounts.

7.2 Deduct and pay tax

The Insurer is subject to tax on income and capital gains that might accrue to the assets forming part of the Investment Product at a rate depending on the nature of the Policyholder (based on section 29A of the ITA). Any tax due from the Policy prior to providing Policy Benefits will be deducted and paid to the South African Revenue Service (SARS).

The Policy Benefit paid to you is not subject to income tax and capital gains tax in your hands. The Insurer recovers an amount to cover any income tax incurred or any capital gains liability that arise from the amount received from the Issuer of the Investment Product before any Policy Benefit is paid.

7.3 Suspend investment into the Investment Product under the Policy

The Insurer may suspend investment into the Product under the Policy at any time and will give written notice to this effect to the Administrator and the FSP.

7.4 Change the terms of the Policy

The Insurer may make changes to the terms of the Policy but may not reduce the rights and benefits you have under the Policy unless the amendment is due to changes in taxation, legislation or practise or interpretation by any court, regulatory authority or the Insurer. Any such changes will be communicated to you and your FSP in writing by the Insurer.

8. THE ADMINISTRATOR'S RIGHTS AND RESPONSIBILITIES

8.1 Make the Policy available and deal with investors

The Administrator is also authorised to administer the Policy and to pay all Policy Benefits due under the Policy, and in doing so, to deal with investors on behalf of the Insurer.

You consent that the Administrator may implement all instructions received via email or fax which appear to come from you or your FSP, provided the Administrator exercised reasonable care to establish the identity of the issuer of the instructions.

The Administrator will identify the Investment Amount deposited by you by reference to the cheque or direct debit instruction sent to the Administrator for purposes of investment in the Policy. If the Administrator cannot identify you via the means of payment, the Administrator will request an alternative, acceptable means of identification and/or verification from you or the FSP.

Where Value added Tax (VAT) is levied on fees or charges charged to the Insurer, an amount to compensate for VAT will be added to those fees and charges recovered from the Policy. VAT may also be added to fees and charges that are not charged to the Insurer directly.

10. EXCLUSIONS, RISKS AND RESPONSIBILITY

10.1 Advice

The Administrator and Insurer do not give advice as to whether investment in the Policy or participation in the Investment Product under the Policy is suitable for the Investor and can therefore not be held liable for any loss or damage which you may suffer, except as a result of the Administrator's own default or negligence.

No communication of any nature received from the Administrator in respect of the Policy or the Investment Product can be regarded as tax, legal, accounting or financial advice. You are responsible for obtaining your own professional advice about the consequences of investment in the Policy and/or the Investment Product.

10.2 Market and other risks

The value of the Investment Account is exposed to market and other risks. Values can be influenced by share price fluctuations, interest and exchange rates and other economic factors. Performance is further affected by uncertainties such as changes in government policy, taxation and other legal or regulatory developments. As such, past performance provides no guarantee of future performance.
